

BLAA LOG UE

Ar. Khairudin Saharom is the principal of Kite Studio Architecture and holds a Master of Architecture degree from the National University of Singapore. He founded Kite in 2011 to provide architectural and interior design services that strive to seek invigorating approach to design and heighten spatial experience. Prior to setting up Kite, he has worked at Eco.id Architects, CPG Consultants and Aamer Architects.

Khai is also an Associate Director of Tembusu Asia Consulting, a consultancy firm that specialises in sustainable design and engineering solutions.

In 2018, he was recognised as one of the '20 under 45' Architects, an initiative by the URA to identify Singapore's promising architects.
